Health Guarantee

Our Guarantee is quite simple. You must have your puppy examined by a licensed veterinarian of your choice within (3) three days of purchase as indicated below. If your puppy, in the opinion of the veterinarian, has any physical problems considered to be life threatening, we will provide you with a refund of the purchase price of the puppy less the non-refundable deposit. To make a claim you must return your puppy to the seller within 7 days of purchase at the buyer's expense. Also, provide a signed statement from the veterinarian providing date of examination and an explanation as to diagnosis and prognosis. The statement must include a description of the symptoms and or tests supporting the opinion. There will be no refund on shipping charges and all deposits are non-refundable. All puppies come with a health certificate from my veterinarian stating that they are healthy, wormed, and vaccinated as of the shipping date.

Note: There is no guarantee against Hypoglycemia, Allergies (skin or otherwise), Coccidiosis, Hip or Joint problems, Parasites, Cherry eye, Viral or Bacterial Infections. The above listed conditions have no guarantee against them as there are many more variables as to why these problems can occur, other than genetics or heredity. Additionally there is no guarantee against buyer neglect or abuse. A determination of neglect or abuse on the part of the buyer voids all warranties.

Our English Bulldog puppies come with a 6 month limited life guarantee. Should the puppy die of a birth defect within six months of the date of birth, the seller will provide you with a refund of the purchase price of the puppy less the non-refundable deposit. To qualify for this guarantee, you must have kept the puppy under the care of a licensed veterinarian. This care must include all vaccinations recommended by the veterinarian. To make a claim, you must bring a signed certificate from the veterinarian stating the cause of death and a copy of ALL the puppy's health records.

General Terms and Conditions

Failure to have the puppy examined within (3) three days of purchase as indicated below **VOIDS ALL WARRANTIES.**

There is no guarantee of the following: (1) that the puppy can be shown (2) that the puppy can be bred and (3) final color or size of the puppy as an adult.

If a puppy is being returned for any health guarantee claim, you must also return all registration papers. Registration papers must be signed, transferring ownership back to the seller. The seller will not be held responsible for any costs accrued after the sale is final.

Guarantee is not valid in case of neglect, abuse or accidental death or injury.
