Conditions of Service

- 1) Bitch owner to present to dog owner proof of: AKC or CKC Registration and current vaccinations including Bordatella. A negative brucellosis test dated no earlier than two weeks prior to a natural breeding is required for a natural breeding. Test results to accompany bitch. No natural breeding will be attempted or take place without confirmed negative brucellosis testing.
- 2) Owner of bitch agrees to the following:
 - will not knowingly sell or transfer any puppies whelped as a result of this breeding to any person or firm connected with the resale of dogs
 - to notify stud owner of any genetic defects that appear in any puppy from this breeding
 - to provide stud owner with a copy of his/her AKC records for the resulting litter
 - to inform the stud owner to his/her best knowledge, of any genetic issues this bitch possesses or has produced in prior litters
- 3) Transportation to and from breeding location, veterinary charges associated with the breeding, and any general health charges incurred will be the responsibility of the owner of the bitch being bred. After five days at Beacon Hill Ranch, a boarding fee of \$25 per day will be charged. If the bitch is flown in for the breeding, a round trip pick-up and delivery fee at the Tulsa International Airport (TUL) of \$100 and is required to be prepaid.

4) This contract will guarantee the actual mating of listed dogs. Stud fee of **\$400.00** is due at time of service unless the Beacon Hill Ranch elects to select a pup from the litter in lieu of the stud fee.

5) No stud fee will be refunded should bitch fail to whelp. However, if less than two puppies are alive 10 days after whelping or if the bitch should fail to conceive and stud owner receives written notification of same within 30 days of estimated whelping date, a return service will be given at the next heat to the very same bitch. If bitch changes ownership or fails to conceive after return service, this contract is terminated. It is the responsibility of owner of the bitch to keep the stud owner informed on the bitch's general health and any complications related to this breeding, pregnancy and whelping.

6) It is understood that the stud owner will exercise reasonable health & safety practices during the breeding period. However, there is always a risk when transporting and boarding dogs, that injury or illness can occur or that dogs can escape. It is further understood that the owners of the stud are not insurers of the bitch and are not liable for her loss, health or injury. Bitch owner acknowledges the opportunity to inspect the breeding facility and is satisfied with the safety and security of the facility.

7) A Veterinarian Certificate of Health will be required for airline shipment and is the responsibility of the bitch owner. If the stud owner is required to obtain a new Veterinarian Certificate of Health for airline return of the bitch, the owner of the bitch will be charged the veterinarian costs plus \$20.

8) Litter registration application will be signed as submitted by bitch owner when the puppies are no less than 10 days old.

9) Any deviation from this standard contract will be noted below as agreed to by the parties involved. Signature of this contract acknowledges acceptance of all terms by both parties.
